Boston Center for Independent Living presents the 19th Annual BCIL Marie Feltin Award Ceremony

March 20, 2015 · Grand Ballroom · Fairmont Copley Plaza Hotel · Boston, MA

The Boston Center for Independent Living is a frontline civil rights organization led by people with disabilities that advocates to eliminate discrimination, isolation and segregation by providing advocates to enhance discrimination, peer support, skills training and PCA services in order to enhance the independence of people with disabilities.
The BCIL Marie Feltin Award Ceremony honors individuals and institutions who exemplify the pioneering spirit of the late DR. MARIE FELTIN, a tireless advocate for disabled and chronically ill patients. Marie was a founder of Boston’s Community Medical Group and other noted neighborhood healthcare services that focused on encouraging patients to become actively involved in their own care as a critical means to bettering their health. The ceremony is held in support of BCIL, and as a tribute to Marie’s legacy that epitomized BCIL’s mission of empowering individuals with disabilities to take control of their lives and live independently.

Boston Center for Independent Living

The Boston Center for Independent Living works for EQUALITY and DIGNITY for people with disabilities. BCIL empowers its members and consumers to take control over their lives and become active members of the communities in which they live. We promote the CIVIL RIGHTS of all people with disabilities, responding to the needs of individuals of all ages, with any disability, with a wide range of programs and services.

BCIL’s ENERGIZED ADVOCACY supports equal access to healthcare, affordable housing, accessible transportation, and ADA compliance for thousands of Greater Boston residents each year, leading many to jobs, an education, and SELF-SUFFICIENCY for themselves and their families.
